---

## Instructions:

1. **Individual Reflection (5 minutes):**
   Ask each participant to think of a leader—famous or personal—who inspires them. This could be a public figure, a historical leader, a community member, or even a past manager. On a sticky note or index card, they should write:
2. 
   - **The leader's name**
   - **One or two qualities they admire most about that leader**
   - **A brief reason why they chose this person**

3. **Sharing in Pairs (5–10 minutes):**
   Participants pair up and share their chosen leader and reasons with each other. Encourage them to discuss what makes a leader truly memorable or impactful.
4. **Group Debrief (10–15 minutes):**
   Invite a few volunteers to share their choices with the whole group. As each person shares, write down the leadership qualities mentioned on a flipchart or whiteboard.
5. **Facilitator Wrap-Up (5 minutes):**
   Highlight the recurring traits and discuss how these qualities can be developed in participants' own leadership journeys. Link the activity to key leadership concepts in the module.
